SANUR SPAIN FOR TRADE SL

Nous aimerions profiter de cette occasion pour remercier tous ceux qui nous ont accompagnés pendant tout ce temps. Au cours de ces trois décennies, nous avons parcouru un long chemin qui nous a conduits à être présents dans plus de 20 pays. Bien que nous ayons grandi, nous avons conservé l'esprit qui nous définit depuis nos débuts.

La qualité humaine de nos employés et de nos clients a fait de nous une entreprise de référence. A vous tous, merci de partager avec nous ce chemin plein de dépassement et de réussite.

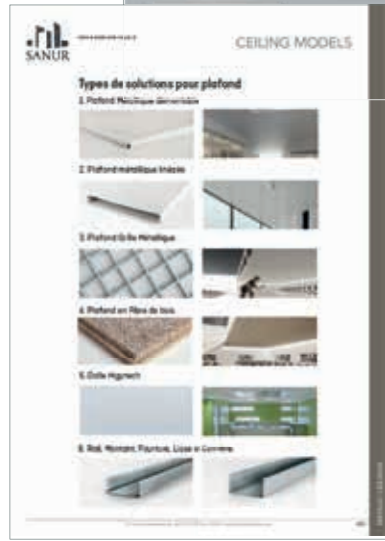

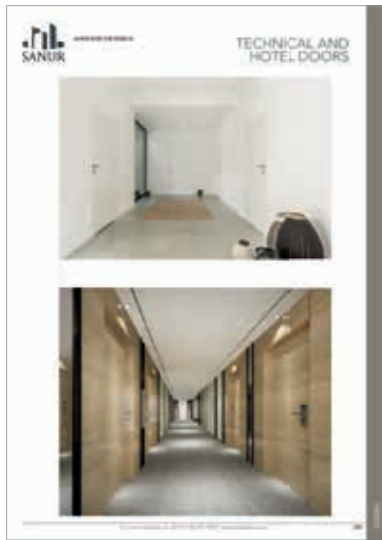

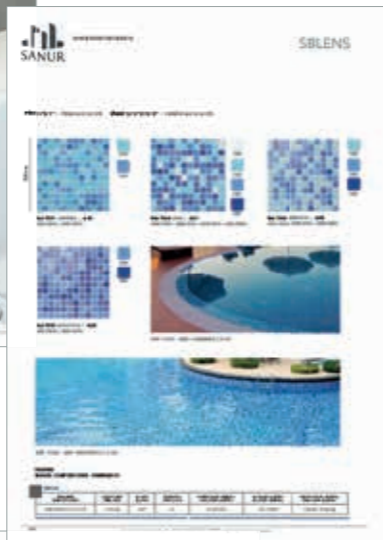

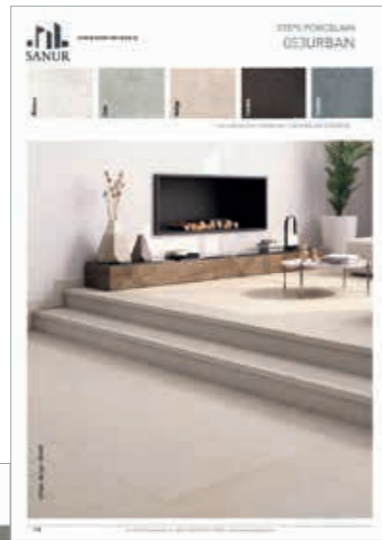

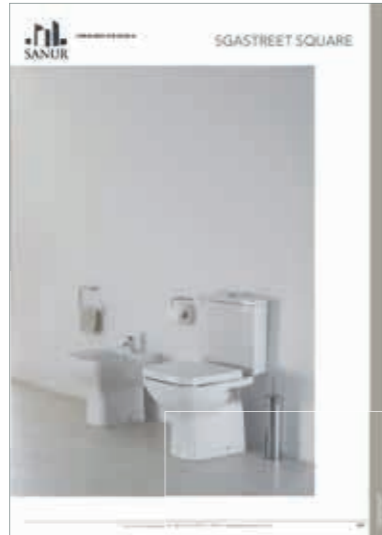

Gracias por confiar en SANUR SPAIN.

SANUR 1994-2023 29 Años.

Queremos aprovechar para daros gracias a todos aquellos que habéis estado con nosotros todo este tiempo. En estas tres décadas hemos recorrido un largo camino que nos ha llevado a estar presentes en más de 20 países. Aunque ahora somos más grandes, conservamos el espíritu que nos define desde nuestros inicios.

La calidad humana de empleados y clientes ha hecho que seamos una empresa de referencia. A todos vosotros, gracias por compartir con nosotros este camino lleno de superación y éxitos.

We want to thank everyone that has accompanied us on this road, in these three decades we have travelled a long way and we are now present in more than 20 countries. Although we are now bigger, we still keep the same spirit that we started with. The quality of our workforce and our customers has made our company a reference. To all of you, thank you for being on this road with us that has brought us growth and success.

FAUCETS

REF: 10662554

Tipo de producto : Mural visto
Nombre de la serie : Inca Pro
Tipo de grifería : Caño bajo
Tipo de producto: Monomando
Tipo de colocación: Para instalar
Acabado del producto: Brillante
Material: Latón
Material del mando: Latón
Color: Cromado
Función: Monomando
Mecanismo: Cartucho cerámico 35 mm
Limitador de temperatura: No
Limitador de caudal: Sí
Tipo de ahorro de agua: No
Colección compuesta de: Bañera
Ahorro de agua: No
Compatibilidad: Calentador de agua eléctrico
Seguridad 38 °C: No
Equipamientos ducha y baño / ducha: Vendido sin mango de ducha ni flexo
Termostático cuerpo frío: No
Diseño: Moderno
Marca: TEKA STROHM

SWIMMING POOLS

SILICONE DOT *system*

GLASS MOSAIC POOL

EASY TO CUT

FACILE À COUPER · FÁCIL DE CORTAR

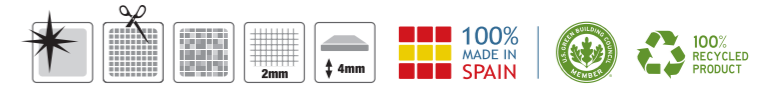

In addition to its flexibility, another of the advantages that presents the Silicone Dot system, is the facility to be cut with the help of a cutter.

En plus de sa flexibilité, un autre avantage que présente le système Point de Silicone est la facilité de sa découpe à l'aide d'un cutter.

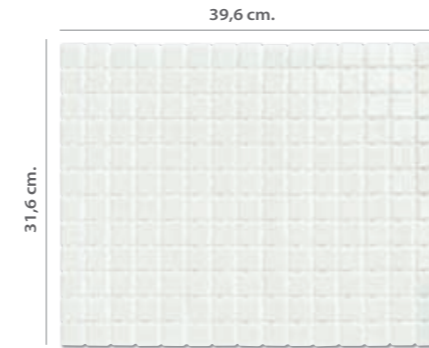

Además de su flexibilidad, otra de las ventajas que presenta el sistema Silicone Dot es su facilidad para ser cortados con la ayuda de un cúter.

METALIC CEILINGS

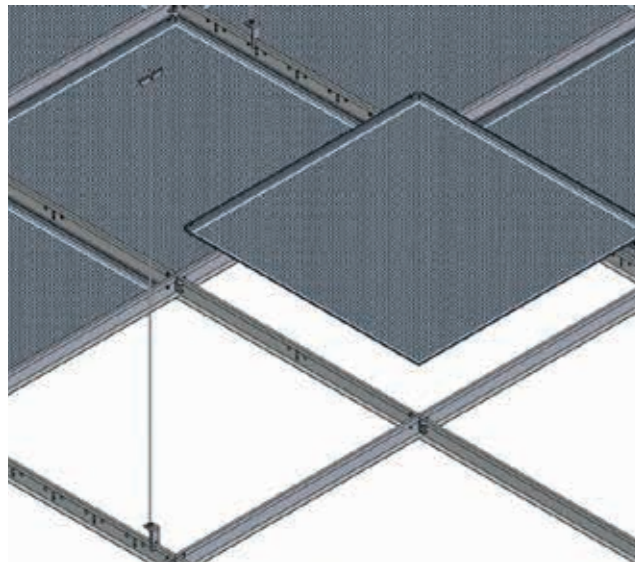

DÉMONTABLES

Les plafonds démontables permettent un montage simple, facile et propre. Les divers matériaux avec lesquels ils sont fabriqués possèdent des propriétés acoustiques élevées. De plus, les dalles métalliques nécessitent aucun entretien.

Les interventions techniques peuvent se faire simplement en soulevant la dalle puis en la replaçant après dans son emplacement.

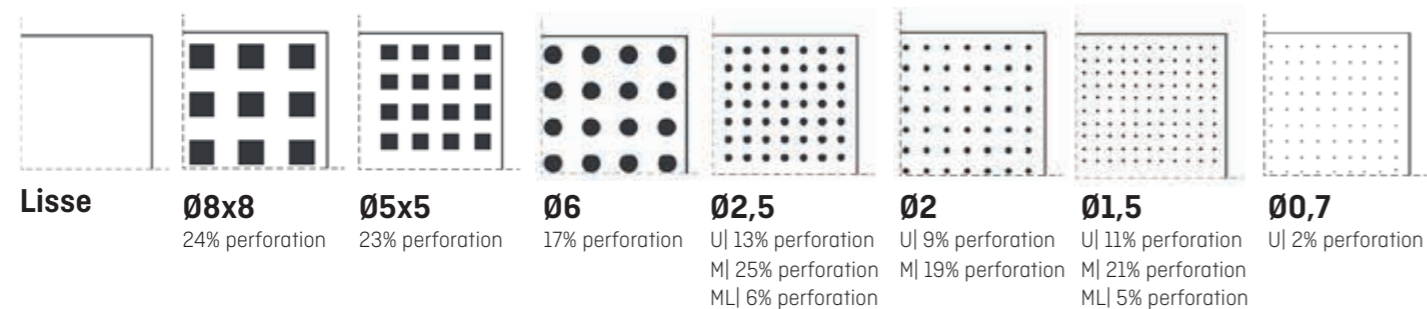

QUELQUES AVANTAGES DES PLAFONDS MÉTALLIQUES

- + Diversité d'application
- + Qualité et longévité
- + Hygiène
- + Maintient et confort intérieur
- + Protection contre incendie
- + Accès au plenum
- + Acoustique
- + Respect de l'environnement
- + Economie
- + Possibilité d'utiliser en extérieur
- + Variétés de design

In a high natural place, a building with an intense interior light is raised. Its luminosity is due to the large windows that surround it and provide the entrance of the sunlight for most of the day. Inaugurated in 2011, the Airport of Castellón has a covered area of 10,000 of which about half of the ceilings are metallic.

PROJECTS CEILING

JUDICIAL BUILDING OF OURENSE

PROJECTS CEILING

CONCESSIONAIRE PORCHE

PROJECTS CEILING

CONCESSIONAIRE PORCHE

A large area of 1.200 m2 on which amplitude and luminosity are projected. In the workshop area and in the vehicle exhibition of the Porsche dealer, was installed Treviso Stave in Silver finish, excellent to raise the aesthetics of the space. In addition, its metallic and monolithic finish corresponds with the new corporate image of the German manufacturer and with the facade of the building.

PROJECTS CEILING

AIRPORT OF CASTELLÓN

Emblematic building protected from the light and luminous at the same time. With its 14,000 m2 divided into nine floors, the Judicial Building of Ourense is guarded conscientiously by the Italy stave in Silver finish.

GAZON ARTIFICIEL

The perfect harmony on a perfect grass

Borneo 30 stands out for its combination of green lime and green olive, creating a contrast which reaches a natural and very attractive look. It is perfect for areas where decoration takes precedence and the aesthetics of the garden is emphasized.

It is a kind of grass produced with a C structure. This helps to obtain a more vertical presence by keeping a soft and pleasant touch. It guarantees a good recovery from the footsteps opposite to other products with more linear structures.

This option has the best performance in use and duration in spaces where there is not an intensive use.

A model to secure the sensation of density on the grass with added volume. Borneo 30 is designed to create comfort and filler to the surface of the garden; a place where laying down and walking barefoot would be soft and enjoyable. And, in addition, it will guarantee a feeling of thickness to the gaze.

Properties		Specifications

Technical product description

Borneo 30 accomplishes a more natural and attractive aspect to fulfil with its decorative use thanks to the height and the combination with the tones of its fibres. Its fiber low abrasion is composed of monofilament bicolor (olive and lime) of polyethylene (PE) by C form of 7500/12 Dtex, and a low fiber curled bicolor (green and straw) of polypropylene (PP) with flat textured monofilament of 3000/8 Dtex, both fibers with treatment of resistance to the beams U.V. being resistant to the heat and to climatological extreme variations.

Designed by Tufting gauge system with a 3/8" and 150 stitches per m/l, with a score of 15.748 stitches per m², woven on a base (backing) Reinforced Polypropylene of 163 g/m². The manufacturing process ends at the finishing line 968 g/m² impurities incorporating latex which gives the anchoring a resistance greater than 30N fibers.

The total weight of this grass is 2.266 g/m² and the reaction to fire classification according to EN ISO 13501-1 is "Efl-s1".

Advices of installation

It recommends to ballast with 5-7 kg m² of silica sand to improve the dampness and freshness of the lawn, to facilitate the drainage and to improve his fixation to the area.

To anticipate the effects of the expansions and contractions due to the sudden changes of temperature we advise that in the moment of the installation it should adjust with a couple of centimeters extra about the perimeter.

a brand new garden every morning

Company associated with:

LA QUADRATURE DU CERCLE?

RÉSILIENCE

Nous concevons le gazon avec une structure qu'optimise sa capacité de récupération après le pas. C'est pourquoi notre gazon récupère la verticalité comme les meilleurs gazons de son niveau.

PUR ÉQUILIBRE

Le gazon est particulièrement équilibré. L'équilibre entre douceur, résilience, durabilité et esthétique. C'est pour ça, même si vous trouvez un gazon plus doux, qu'il sera sûrement moins résilient, ou de moindre qualité, ou aura une esthétique moins belle que le nôtre. Vous trouverez peut-être un gazon plus résilient, mais alors il sera moins doux, moins durable et moins esthétique que celui.

En définitive, peut être que vous trouviez un produit meilleur que le nôtre sur l'un des coins du carré, mais aucun ne sera pas meilleur dans la combinaison de toutes les variables. Aucun gazon est meilleur que le notre, en équilibre parce que le gazon est Pur Équilibre™. Est-ce cela, la quadrature du cercle?

DOUCEUR

Nous fabriquons le gazon avec des fibres qu'offrent la meilleure douceur au toucher. C'est pour ça que nos produits sont aussi doux au toucher que les concurrents du même niveau.

ESTHÉTIQUE

Nous concevons le gazon avec différentes solutions chromatiques créées avec plus de trois nuances pour chaque couleur. C'est pour ça que notre gazon offre une esthétique naturelle très authentique.

DURABILITÉ

Nous fabriquons avec les meilleures matières premières du monde. C'est pour ça que notre gazon offre les meilleures garanties de durée: plus longtemps, et plus longtemps en bon état.

**EQUILIBRIO PURO
PUR ÉQUILIBRE**

ESTHÉTIQUE

Nous concevons le gazon avec différentes solutions chromatiques créées avec plus de trois nuances pour chaque couleur. C'est pour ça que notre gazon offre une esthétique naturelle très authentique.
